MOHAMMAD IRFAN KHAN

(312) 402 - 0402 | mkhan29@luc.edu | irf.io

PROFESSIONAL SKILLS

Software Development

Java, C#	React.js	UML
Web (HTML/CSS/JS)	MySQL (DDL/DML)	

EDUCATION

2013 - 2017
Loyola University Chicago, *B.S. in Software Engineering*

GPA: 3.2, Presidential Scholarship, Dean's List

2009 - 2013
Northside College Preparatory High School

ACT Composite Score: 33, Illinois State Scholar Award

PROJECTS

2017
Irf.io
React.js

Personal website running on Heroku. Made to be visually appealing and responsive on all screen sizes.

2017
Facility Management System
Java, Spring Framework, MySQL

Created a system in Java to manage multiple facilities and all employees including features such as access management, scheduling, task requesting, and task reporting. Data accessed and stored on a MySQL database.

2016
Songshake
HTML/CSS/JS, Node.js

Created a well-designed web-app that uses the Spotify API to retrieve a user's library and allows the user to get media recommendations for the songs they select.
